The Readers' Digest award went to Marjorie Wallace.

Many aspects of the activities of the public schools are the same from year to year, more or less familiar to everyone. In September our schools opened with enrolments as follows: grade one, 18; grade two, 23; grade three, 27; grade four, 33; grade five, 19; grade six, 20; grade seven, 25; grade eight, 23; all of which gives us an enrolment of 188 pupils in the grades. The enrolment of the high school in September was as follows: 37 for grade nine; 32 for grade ten; 33 for grade eleven, and 39 for grade twelve, making a total of 141 pupils for the high school.

The school board, the principals, the teachers, the janitors, the school nurse, all have made their contributions to the education of our boys and girls. The tax payers have made the greatest contribution of all.
